

Dear Comrades at the Parliament of South Africa,

Kindly receive our revolutionary greetings.

We write to you on behalf of the Palestinian people and on behalf of the Popular Front for the Liberation of Palestine (PFLP)'s Central Committee, and its Secretary-General, Ahmed Saadat, who is being held in the prisons of Israel.

We salute your decision to shun the Israeli delegation due to visit South Africa!

We welcome the support of the ANC parliamentary caucus on this issue and trust that other parties have also adopted similar positions - to not fraternize with the Israel Government!

We we also salute and welcome the messages of support for this action from other democratic forces in South Africa, like COSATU, BDS, MJC, SA Jews for a Free Palestine and others.

We also warmly welcome the message of solidarity from Chief Mandla Mandela who has applauded parliament's decision to reject the invitation by the Israeli delegation.

The Palestinian people will never forget your solidarity and friendship in supporting our struggle and goals - the right of us Palestinians to return to our homeland and our right to self-determination.

We send out good wishes and strength to you!

The struggle continues!!
